Quiet Weekend
With One Mishap

Terrace RCMP said the Thanksgiving weekend was one of the quietest on record in the area, with only a very little highway conflict and a generally calm atmosphere prevalent throughout the three days.

On Saturday at noon the Kalumet railway crossing signal light was damaged in a car-train collision but no injuries were reported in the mishap.

A car driven by D. E. Swanson on Dunthe Road is reported to be stalled on the railway tracks following a long line of cars over the crossing. Attempts to restart the vehicle failed and it was struck by a freight train. The car was thrown against the signal light pole and damage to the car and signal light is reported to have been extensive.

Patrolmen were patrolling the crossing in lieu of repair to the signal system Tuesday.

RCMP said today that no charges will be laid as a result of the incident.

Surgery Office
For Local Doctor

On Monday, October 17, Terrace Surgeon, Dr. R.E.M. Lee will open an office in the Thornhill Realty building for the practise of general surgery.

Dr. Lee has been a member of the Terrace medical contingent for the past ten years, practising general medicine.

He is a graduate of the University of Manitoba and obtained his specialist's certificate in surgery in 1960. Dr. Lee is also a Fellow of the Royal College of Surgeons in Canada and a Fellow of the American College of Surgeons.

New Policy Set
For Auto Dealers

Terrace automotive dealers have instituted a new policy which in the words of local Federation chairman, J. Whitney "will mean a lot to Terrace motorists."

The new policy, which goes into effect Saturday, is carried in its entirety elsewhere in this issue. It calls for the levy of a \$5.00 per day charge for all courtesy cars, plus gas costs; a minimum service call charge of \$5.50 within the municipal limits; interest charges of one per cent on outstanding accounts; a 45 day limit on fleet

Melting Pot . . .

THE CHRISTMAS lights will go on during the first week in December it has been decided by Municipal Council. This was decided today just before they put the Council Chamber lights out at 1:45 a.m. (Yeah, we missed Weeek again!)

RCMP Sgt. Maidens is off to Alberta for some duck hunting. So is Wayne Seabrook of TK's Hitline, but John Ford is doing a great job of pinch-hitting for him. Whatever happened to BC's ducks? Do you suppose those were the birds everybody followed to Victoria?

LAST WEEK we carried a picture of oldtimer guests at the annual Rotary dinner held in their honor. C. J. "Jim" Norrington was captioned as a guest (which he was) but he is also a member in good standing of the Terrace Rotary Club. In the same picture we inadvertently listed a "Mr. Frans Melvin," who is, in fact, Mr. Frans Melin. Our apologies to Mr. Melin.

DON'T FORGET the Sunday afternoon recruitment meeting for people willing to help out

COMPLETE EXCEPT FOR PAINT, the elevated water tower at the Vocational School site, corner of McConnell and Amesbury, stands tall and cool in the autumn sun. Terrace Municipal Council has approved final payment of \$11,000 and expenses to Pacific Coast Pipe Ltd., contractors for the tower. Cost estimates for the painting of the tower will be called for shortly by the Municipality. (staff photo)

Rental Fees Fair
Council Decides

Municipal Council agreed that "what is fair for one is fair for all" in the levying of rental fees at the Terrace Community Centre, following introduction of the issue by Councillor Norton Tuesday night.

Councillor Norton made reference to a letter to the editor over the signature of Wayne Seabrook, president of the Terrace Arena Association, wherein the charging of a rental fee to his group was considered to be ludicrous. The letter was carried in the October 5 issue of the Herald.

The Terrace Arena Association is attempting to raise funds for the construction of an ice arena here, which will eventually become Municipal property.

Councillor French pointed out that the Terrace and District Chamber of Commerce contributed over \$1500 to the original construction of the Terrace Community Centre and yet they willingly pay rental fees for the use of the building as a meeting place.

The whole concept of rental fees was discussed at some length but it was generally agreed by Council that such fees are necessary.

A letter from Mrs. A. Campbell, chairman of the Centennial Project Committee, asked that a grant in aid equaling the rental costs to her group for the use of the Community Centre during its Centennial Carnival, be given by Council. Her request was approved.

account purchases of parts and labor and Wednesday afternoon closing.

The policy changes were decided at a meeting of the Federation of Terrace Automotive Dealers held last Wednesday. Every automotive dealer in Terrace is a member of the Federation.

with Terrace Little Theatre's Christmas pantomime. Community Centre at 2 p.m. Molly Natress will be holding readings and outlining the requirements.

NOBODY SEEMS to know how big a wheel he is yet, but a lawyer named Ferris had Municipal Council going around in circles last week. It was a speed-up from the usual merry-go-round but there was no apparent dizziness in evidence Tuesday.

IN THIS week's Legion Dispatch there is a misleading statement that might indicate all Legion members and their wives are invited to attend the Ladies' Auxiliary Charter Night Dinner on October 14. It's the other way around, folks—this event is for Ladies Auxiliary members and their husbands.

AS OF TUESDAY night, all outdoor privies are considered to be nuisances within the Municipality and must be removed. This is under the terms of bylaw No. 403. If you think we just threw that in for kicks, you're wrong. Terrace still has quite a few of the old-fashioned edifices.

No By-election
For Frank's Seat

The recent resignation of Floyd Frank from his seat on Municipal Council will not necessitate a by-election, it was learned here Tuesday at a meeting of Municipal Council.

The vacancy will be filled during the regular December election. Nomination date for the December election is November 28 at which time nominees for four Council seats must be listed.

Councillors Dorothy Norton and L. French will be required to leave their seats in December and neither one has indicated whether or not he intends to stand for re-election.

The other two vacancies were created with the resignations of Harry Tupper and Floyd Frank, both of whom left Council when they became non-property owners.

At Tuesday's meeting, Municipal Council voted to return Floyd Frank's honorarium cheque, as well as a cheque covering expenses entailed during Mr. Frank's attendance at the annual Union of B.C. Municipalities meeting. Mr. Frank had submitted both parcels of money to the Municipality upon his resignation.

Council heard Administrator John Pousette read from the Municipal Act, a section indicating that all of ex-Councillor Frank's acts while a member of Council, would be legal acts in terms of law, and thereupon voted that the monies be returned to him for services rendered during office.

In other matters dealt with the Terrace Shrine Club was granted a rebate of trades licence fee for the West Coast Shows' visit during the summer. This prompted a

Daily Costs
Soar As
Gremlins Hit

Post-opening problems at Terrace's new Pollution Control Centre are costing the Municipality over \$80.00 a day to offset, it was learned at a council meeting Tuesday evening.

The Pollution Control Centre which was designed to operate efficiently with only one man on a part-time basis is currently being run by five Municipal crewmen on a full-time basis as furnace problems and pumping problems continue to crop up.

Municipal Council learned Tuesday that efforts to have the problems ironed out have been underway for several days but that sanitation (continued on page 12)

See "GREMLINS"

Lawyer Claims Delays
Causing Co-op Holdup

A planned expansion by the Terrace Co-operative Association moved to the fore once again during Tuesday evening's meeting of Municipal Council after a letter from A. B. Ferris, Vancouver lawyer, and legal counsel for the Co-op, was read.

The letter urged immediate extension of Greig Avenue to a temporary gravelled finish in order allow the Terrace Co-op to proceed with its plans.

It pointed out that architects plans for the proposed addition are expected to be complete within about two weeks and that delays in proceeding with the Greig Avenue extension are seriously impeding progress.

Ferris, a member of the Vancouver law firm, Davis, Hossie, Campbell, Brazier and McLorg called the extension of Greig Avenue through to Highway 16 West as "necessary and logical." His letter asserted, "the Terrace Co-op wants firm assurance of the extension and property allowance." He claimed that CNR officials were only waiting for Municipal Council to decide where a proposed railway underpass will be located before they make any definite decisions as to road allowance. The letter estimated that at least a half acre of the properties now owned by Canada Safeway and Dominion Construction would have to be obtained for right of way and reiterated that Terrace Co-op plans cannot go ahead until the whole matter is settled.

After hearing the letter, Council decided it would hold a special meeting with J. Cunliffe of Willis & Cunliffe Consulting Engineers to determine what soil and seep-

Final Okay To
J & M Purchase

Municipal Council reached a stalemate in its proposal to purchase the J & M Truck and Equipment property at the corner of Lakelse and Eby, but a deciding vote cast by Reeve A. Goulet put the stamp of approval to the purchase on Tuesday night.

Councillors Norton and Smith registered opposition to By-law 421 which authorizes the purchase of the property for a total of \$105,000. Councillor Norton pointed out that her main objection stemmed from dissatisfaction with the terminology of the by-law. Councillor Smith did not state his reason for declining support.

The property will be leased to International Harvester pending construction of new premises for that firm in Terrace. After that it is slated to be used for storage and maintenance of Municipal works department equipment and supplies.

Sorry about that . . .

THE TERRACE ARENA ASSOCIATION is apparently unhappy with the fact that a rental fee has been levied for the use of the Terrace Community Centre as a meeting place for its annual general meeting on October 25.

A letter over the signature of Wayne Seabrook, president of the Arena Association, has called his group a "non-profit" organization and deplored the fact that such organizations are required to pay rent when they use the Community Centre facilities.

Sorry about that, Mr. Seabrook, but we simply must remind you that the Community Centre is also a "non-profit" organization and, as such, must find some means of meeting its day to day obligations. The fact that the Centre is now owned by the taxpayers of Terrace does not suddenly turn it into a great big hall that's free for all. Such an idea is Utopian to say the least, and on the day that such DOES become the case then everyone will be happy to play without pay.

We know the Arena Association is endeavoring to do a great thing for our community. It is attempting to realize a long-dreamed-of facility which will ultimately provide Terrace with a fine place in which to stage mammoth displays and entertain-

ment events, and will create a new and healthy outlet for our youth. We wish the Arena Association nothing but success.

However, the simple act of turning the eventual structure over to the Municipality in no way alleviates the expenses it will create for the taxpayers of this town. Terrace taxpayers acquired the Community Centre in the same benevolent way, and they've been looking that gift horse in the mouth ever since!

Right now, the Centennial Committee is grasping at straws in its efforts to raise the final funds needed for our Centennial project. None of these building projects come easily to a community that has growing pains and must first attend to its necessities before turning towards its luxuries.

Despite the pleas of the hard-working Arena people, we feel that an arena must be looked upon as a luxury item at this time. Once our underground services are in, and our streets are paved, and our drainage problems ratified, and our street lighting brought up to top standard, and our garbage disposal system modernized, and our cemeteries cared for, and our schools built, and our hospital expanded — then, and only then, will projects such as the proposed Terrace arena come into their own.

UNICEF deserves success . . .

HOW OLD MUST ONE be to share in the honors of the Nobel Peace Prize? Just old enough and tall enough, it would seem, to be able to reach for a doorbell and ring it on Hallowe'en.

Provided, of course, it is under the auspices of the United Nations Children's Fund, which was granted the lofty award just a year ago for saving children's lives ever since its foundation, on December 11, 1946.

Half a million Canadian boys and girls, from coast to coast, are getting ready to celebrate UNICEF's twentieth anniversary by showing greater enthusiasm than ever before in collecting Hallowe'en pennies, nickels and dimes. In months to come these will be transformed into vital supplies, equipment, medicines and vaccines for more than 100 under-developed countries around the world.

The "Hallowe'en for UNICEF" program has features to please people of all minds. In keeping with the traditional Hallowe'en spirit of goodwill and generosity, each Canadian can help UNICEF to continue its vital work by participating in the "Hallowe'en for UNICEF" program.

For the youngsters themselves, it is a fine opportunity to combine their traditional fun with a constructive, rewarding activity all their own . . . the world's greatest effort by children to help children.

For the parents, the venture has reassuring aspects of safety and planning

since the participants can remain in small groups, and be escorted and supervised.

Educators appreciate the program's pre-Hallowe'en period most of all, when their students are stimulated into showing greater interest for, and better understanding of, other children's living conditions overseas.

Policemen, firemen and other civic authorities appreciate the fact that wherever a well organized UNICEF program prevails, they can worry less about vandalism and senseless pranks.

Last but not least, for ministers, priests and rabbis, the motto "Share rather than Scare" takes Hallowe'en away from some of its least desirable connotations . . . when young people devote their energy and leisure time to helping others, it can well be said that they are taking part in a constructive, beneficent endeavor.

Some idea of what our boys and girls will accomplish, with our community's generous co-operation, may be found in the fact that every day UNICEF's jeeps, trucks and other vehicles travel roughly the distance of 30 times around the world, or four times the distance from the earth to the moon. If they held hands at the Equator, the children and mothers helped by UNICEF each year would circle the world. The dried milk shipped by UNICEF would fill the United Nations building more than 25 times.

The organizers of the local "Hallowe'en for UNICEF" program most certainly deserve that their selfless and efficient efforts should meet with unqualified success.

Letters to the editor . . .

The Editor, Terrace Herald:

To those community spirited people who helped organize and produce the successful Centennial Carnival, the committee wishes to extend its thanks. Without the time and effort of the younger generation the Carnival could not have been a success.

A special thanks to the Catholic Women's League, the United Church Women, the Kinettes, the Lions Club, The Ladies of the Royal Purple, the volunteers from Rotary, the Boy Scouts, the Girl Guides the Swim Club, the Firemen the Teen Club, the Cadets, Uplands School, Castle Hall School, Clarence Michiel School, Riverside School and the many

teachers who helped and the high school students who decorated the auditorium. To all these we the public owe our gratitude and appreciation for their efforts in helping to build a better Public Library. —Centennial Carnival Committee

Bingo Shutdown At Police Request

Regular Thursday night bingo games at the Royal Canadian Legion have been discontinued following a request from the Terrace RCMP for closure of the weekly events.

During a bingo game last Thursday evening, vice-president of the Legion, Sid Sheasby, was requested by police to close the operation. President of the Legion, Nick Nattress was called to consult with Terrace police officials and the decision to cease operations was made.

Between 60 and 100 people regularly attend the Legion bingo games each Thursday night. Proceeds have been used for the Legion Sports Training Plan and for bursaries to deserving Terrace students.

Terrace RCMP said today that bingo games are lotteries in legal terminology and as such, are against the law. They said that regular bingo sessions now being held at Veritas Auditorium and at the Community Centre will also be approached with a closure request in the near future.

SEATED BEFORE A WEDDING CAKE, topped with a miniature china bride and groom that had decked their cake 25 years ago, Mr. and Mrs. Gordon L. Little celebrated their silver wedding anniversary on Tuesday, October 4 when the family gathered to surprise them at their home in the Elma Apartments. Gordon Little, son of the late George Little, married Julia Simpson in the United Church in Hazelton on October 4, 1941. Following a honeymoon in Prince Rupert, Mr. and Mrs. Little made their home at Kwintsa where Mr. Little operated the George Little & Son Ltd. sawmill. Ten years later they moved to Terrace where Mr. Little opened a bulldozing business and in 1958 took over the John Deere dealership which he now operates. Their oldest son George was deceased in 1962 and they have three other children, Bill, Linda and Elaine. Friends called on the Littles throughout the week to offer their congratulations and partake of the "aniversary" cake made by Mrs. Little and decorated by Mrs. Ann Sites.

CRADLE ROLL

The following births were recorded during the week at Mills Memorial Hospital:

Born to:

Mr. and Mrs. John Olsson, October 7, a son.
Mr. and Mrs. Arthur Parker, October 8, a daughter.
Mr. and Mrs. Wallace Seymour, October 8, a daughter.
Mr. and Mrs. Philip Guy Williams, October 10, a daughter.

Carnival Prize Winners

Prize winners at Terrace's Centennial Carnival last were as follows: Goat skin—Mrs. W. J. Pratt; ceramic bowl—Mrs. J. Froese; picture—Theresa Poge; jewellery—T. Kristenson; decorated cake—G. R. Hamer; bowl of candy—Miss Larkin; Cohoe—Chuck Crown and swim tickets—Gayle Bowyer.

Local Manager Attends Potlatch

More than 180 World Book and Childcraft managers and representatives for British Columbia attended a "potlatch" last Saturday at the Villa Motor Inn in Vancouver.

Mrs. Nella Mirdoch, manager of Terrace-Kittimat area, attended the meeting.

Mrs. Mirdoch had recently returned from attending the International Achievement conference of the organization held in Chicago, Ill. Nearly 5,000 representatives, managers and home executives participated at the meeting which marked the golden anniversary of World Book.

For the past six weeks he has been flying with a squadron detachment at Victoria International Airport in B.C., before resuming his duties on the east coast. S/Lt. Sander is a graduate of Skeena Secondary having received his diploma in 1960. He enlisted in the Fleet Air Arm after three years at UBC.

Newlyweds Travel Through Canada

(from the "Hemet News," California)

Miss Cynthia Gillespie, daughter of Mr. and Mrs. Donald Gillespie of Indianapolis, Indiana, became the bride of Lenard Buller, son of the John Bullers of Hemet, California, formerly of Terrace, ceremonies held September 17 at the fellowship hall of Helmet Baptist Church.

Approximately 50 relatives and close friends of the couple attended the double ring rites which were officiated over by the Rev. Edward L. Rodda.

The bride, who was given away by a close friend of the pair, John E. Veiga, Jr., wore a floor-length gown of peau de chamois and lace. The fitted bodice was designed with a boat neckline and the lily petal sleeves were made of embroidered lace. Her elbow-length veil was held by a pearl-encrusted satin band and she carried a bouquet of white orchids and white elegance carnations.

Miss Beatrice Hnayth was maid of honor wearing an empire style floor-length gown of avocado green chiffon. She carried a bouquet of pink rosebuds.

Herbert Forsythe, a friend of the bridegroom, was best man, ushers were Ron Hanson and Capela.

Mrs. Buller, mother of the bride, wore a pink street-length dress of sculptured lace which was complemented by an orchid corsage accented by a pink and white bow.

Mrs. Tichi provided the piano music for the ceremony and Miss Arlene Veiga was in charge of the guest book.

Following the wedding ceremony, the newlyweds were honored at a reception, with the social hall decorated with wedding bells, pink satin bows and large baskets of white stocks and gladiolus and ferns, and a white runner outlining the aisle.

Mrs. J. E. Veiga, Jr., Mrs. W. Proctor and Miss Sandra Anderson assisted with the serving of refreshments after the bridal couple had traditionally cut the three-tiered wedding cake.

Following a wedding trip to Canada, the newlyweds are now residing in San Rafael where both are employed by Holm, Tait Incorporated.

Air Cadets Start Busy Winter Season

Over 40 members of Terrace Air Cadet Squadron 747 enjoyed a familiarization flight in an RCAF DC3 (Dakota) during its brief stop here on October 1.

Each of the boys was given an opportunity to man the controls as the plane flew between Terrace and Kitimat. Commanding Officer of the cadet squadron, F/L Kevan Van Herd was also able to have a turn at the "Dak" controls during the flight.

Following the flight, cadets went to the Community Centre where they assisted with the Centennial Carnival which was underway during the afternoon.

On October 4, the training N.C.O. from Vancouver, F/Sgt. W. MacCafferty, paid the squadron a visit, checking up on drill, dress and program of the Terrace group. He expressed pleasure at the progress of the squadron in view of the fact the training season is so recently underway and was surprised to find that new recruits have achieved a good degree of proficiency in parade presentation.

LEGALS

LAND ACT
Notice of Intention to Apply to Lease Land IN THE LAND RECORDING District of Prince Rupert and situate approximately 1 1/4 mile South East from The South East corner of Lot 6250, Range 5, Coast District.

DEPARTMENT OF PUBLIC WORKS
NOTICE TO CONTRACTORS
B.C. VOCATIONAL SCHOOL
PHASE II
TERRACE, B.C.
(A FEDERAL-PROVINCIAL PROJECT)

REVISION OF TENDER DATE
SEALED TENDERS will be received by the Minister of Public Works, Parliament Buildings, Victoria, B.C. up to 2:00 P.M. on Friday, October 21st, 1966, and not Friday, October 14th, 1966, as previously advertised. Depository bids are required to be submitted on Tuesday, October 18th, 1966, instead of Tuesday, October 11th, 1966, as previously advertised. All other conditions of contract, etc. as before advertised shall apply.

W. N. CHANT,
Minister of Public Works. c12

FORTY MEMBERS of Terrace Air Cadet Squadron make bee-line for an RCAF Dakota as it stopped at Terrace October 1, to take the boys aboard for a familiarization flight. The flight took the lads to Kitimat and back, affording each an opportunity to try his hand at the controls.

gress of the squadron in view of the fact the training season is so recently underway and was surprised to find that new recruits have achieved a good degree of proficiency in parade presentation.

On October 7, the ladies auxiliary to the Air Cadet squadron sponsored a dance to raise money for the training year. The event was quite well attended and provided an enjoyable evening for those who took part. One of the door prizes, an hour-long flight by Trans-Provincial Air Carriers was turned over to Cadet Jock Wadley, son of Mrs. Margaret Wadley, an active auxiliary member. The flight will be carried out as soon as possible, weather permitting.

Senior Members of the squadron will go on an overnight hike October 15, for the purpose checking their bush survival training. Rain or snow, the boys will carry out the excursion, supervised by the Commanding Officer. If successful, junior squadron members may undertake a similar outing later in the season.

A 40-passenger portable lounge, which can be lifted by helicopter and carried to an airport is being considered for Los Angeles, says the B.C. Automobile Association. The idea is to try to relieve the mounting ground transportation problem.

RYBODY WELCOME

First Step Sunday Toward Pantomime

Preparation for the traditional English Christmas pantomime, "Jack and the Beanstalk," will get underway here Sunday afternoon when director Mrs. Molly Nattress holds an open meeting for all persons interested in helping with the project.

The English pantomime has been almost synonymous with Christmas, in England and always provides a full two hours of wonderful entertainment for all members of the family.

Mrs. Molly Nattress, long-time member of Terrace Little Theatre, is the sponsoring group for this new venture, said Tuesday afternoon when she met with the community.

The group will hold a special preparation meeting Sunday at 2 p.m. in the Community Centre and anyone who is at all interested in the production of amateur stage entertainment is urged to attend.

"Jack and the Beanstalk," the female role, that of "The Giant," is always played by a man, while the lead male role, that of "The Hero," is always played by a woman. This serves to add to the fun and hilarity which is the guaranteed end result of such productions.

Mrs. Nattress said she will require the assistance of people having some acting and singing ability as there are several musical numbers in the pantomime. Also, urgently needed are people with a bit of dancing ability as there are a few dance sequences included in the action.

Children between the ages of 7 and 14 years will also be needed. They require no special qualifications other than a sincere desire to participate in the fun of producing the pantomime.

Performance dates for the production have been set for the evening of December 28 and the afternoon and evening of December 29.

Provided this first venture into the pantomime area of amateur theatrics proves successful, it may become an annual Christmas event.

Sunday afternoon at 2 p.m., the Community Centre is the place to be if you'd care to join in the fun.

Little Theatre In Business Session

On Monday, October 8, the Terrace Little Theatre met at the home of Mrs. Kim Jolliffe. Correspondence was read from past members. A letter has been drawn up proposing needed renovations at the Community Centre. This letter will be forwarded to the Recreation Committee for consideration.

For the Christmas season pantomime, directed by Mrs. Molly Nattress, the group agreed to invite guest artists from Terrace to take part.

Mrs. Loreen McColl reported on the progress of the forthcoming fall production of "So Long As They're Happy." The rehearsals are going very well and from all reports it should be an excellent humorous production. Mrs. McColl asked for more assistance in the backstage work.

The November meeting will be held at Mrs. Cam Lane's. Robin McColl moved the meeting be adjourned, refreshments followed.

BEAVER LUMBER

— 60 years Serving Canadians

• ONE OF THE OLDEST and best known drug sales in Canada, starts at Terrace Rexall Drug Store on Thursday, October 13th, 1966. For well over half a century, Rexall 1c Sales have offered medicines, vitamins, fine toiletries, household goods, personal needs and gifts, all with one article sold at regular price and a second identical one sold for an additional penny.

Though copied by many organizations, the Rexall One-Cent Sale, originated by a Canadian, but now famous throughout this continent, has never been equalled in value or performance.

It remains at its always consistent high level of quality; quality of goods on sale, as well as quality of service.

"It takes careful planning to prepare for our One-Cent Sale," said Mr. Dubeau. "We stock hundreds of nationally advertised, freshly ordered Rexall products specially for this TEN DAY period. Many of our customers, looking forward to the sale, order on our Advance Order Form in order to take full advantage of the savings that are offered."

"The 1c Sale also provides its own shopping list taken right from handbills that we distribute. Items may be checked off and the handbill left at the store. On or after opening day of the 1c Sale, orders are filled and held for pick-up. While saving nearly 50% on such purchases, our customers also save shopping time."

"A Rexall druggist," said Mr. Dubeau, "is a partner with over 100 other independent Rexall franchised druggists across Canada, all of whom welcome old and new customers during this very special sale. It starts Thursday, October 13th, and continues for full days." c12

Dispatch

by Paul Bogelund

Last Thursday night we received a request from the R.C.M.P. Police to stop our weekly Bingo games, until the legal aspect of these games in Terrace has been fully investigated. Being law abiding citizens, we have no choice but to comply with the request. We regret to advise our friends and supporters that our weekly bingo games have ceased until further notice. We wish to thank the

many citizens of Terrace who have faithfully supported our games and thus, through their contributions, enabled the Legion to support the Sports Training Plan and to provide bursaries for deserving students.

Bad news always travels in company. Tuesday, at the opening of the lounge at the Legion, we found ourselves without water, from the town's domestic water supply. Frantic use of the telephone, coupled with determined efforts on the part of Legion members finally restored the water service last night at 10:30 p.m., via a fire hydrant and privately owned garden hose, connected to the outside tap on the Legion building. It would have been nice if we had been shown the courtesy of being warned of a shut-down of the water service.

The Ladies Auxiliary are celebrating their Charter Night with a banquet in the Legion Auditorium, on Friday October 14th at 7:00 P.M. All Legion members and their wives are invited to attend. And while on the question of eating, the L.A. has informed us that the menu, at the dinner meeting of the Legion on Tuesday, November 8th, will include roast turkey and pumpkin pie - if that doesn't bring the members out, nothing, but nothing will.

While still on the L.A. will the holder of adult ticket No. 108 from last week's smorgasbord supper please come forward and

claim his or her door prize Mrs. Dorothy Sheasby, thus winning company with May Ross who won last Monday's raffle.

The regular meeting of the Legion last week was graced by the presence of Zone Commander Comrade Pikett. Among the highlights of the Zone Commander's speech was the information that the Terrace Branch No. 13 has been granted a Club License, replace the Beer License presently held by the Branch. We hope to have everything in working order for a Grand Opening shortly after New Year's.

Bates and Sheasby Incorporated inform us that the Cenotaph will definitely be installed and ready for unveiling on November 11th; therefore, this year's Memorial Service will take place at the Cenotaph, and we hope that the weatherman will smile upon us that day - Comrade Bates please.

See you next week!

● SMILE! You will when you see the happy array of Big values at Rexall's Fall 1c Sale. You'll smile when you get twice as much for just one cent more. Just to keep your smile bright, get adult Kleenex nylon bristle tooth brushes - One for 50c - Two for 51c. There are scores more values. Prices low you'll smile. OBITUARIES

Henry "Hank" Froese, Terrace, B.C.
Funeral services were held in Winnipeg, October 1st for the late Henry Froese, former Terrace man, who died in the Manitoba city on September 28 at the age of 43.

The late Mr. Froese was born in South Russia and came to Canada at the age of two with his parents and two brothers. The family settled in Humboldt, Saskatchewan where they were engaged in farming for many years. Seven years later they moved to Yarrow, B.C. in the Fraser Valley, where the late Mr. Froese spent most of his youth, attending Chilliwack high school and then joining the RCAF at the age of 19.

Following his discharge in 1946, he joined his father's meat and grocery business for a time before branching into the accounting field. The following year he met and married Elizabeth Carol Dueck of Winnipeg.

Mr. Froese continued in his accounting profession, working in various communities throughout the Pacific Northwest. He and his family moved to Terrace in 1962 where he was employed as payroll accountant for Skoglund Logging Ltd. until 1963 when he was forced to retire due to illness.

The late Henry "Hank" Froese is survived by his wife Carol, and two sons, Russell and Howard, all of Terrace; his parents of Yarrow, B.C. and four brothers, Aron of Matsqui; Edward of Yarrow; Leonad of Sardis and Irwin of Vancouver.

Funeral services were held in Winnipeg and the remains were taken to Yarrow, B.C. for interment.

Mrs. Carol Froese and her two sons attended the Winnipeg services and then escorted the deceased home to the Fraser Valley for burial.

Mrs. Froese is an accountant

employed by the Terrace Herald. Her oldest son Russell is employed by Overwaitea Foods Ltd., while Howard is in attendance at Clarence Michiel Elementary school. The sympathies of the community are extended to the family at this time.

THOMAS EDWARD KELLS, Terrace, B.C.

An elderly Terrace resident, Thomas Edward Kells, passed away Saturday, October 8, 1965 at Skeenaview Hospital at the age of 85 years.

The late Mr. Kells was born in Fleetwood, Ontario on July 15, 1881. He was married in 1904 to the late Anne Elizabeth Jarrett.

The couple moved to Tate, Saskatchewan where they homesteaded until 1910, when they moved to Sweetgrass, Montana. They farmed there until 1918. After spending nine months in Alberta they moved to Engen, B.C. and took up farming until ill health forced Mr. Kells to give up farming in 1956.

They then moved to Kelowna to make their home with their daughter, Margaret, and later with their son Lewis of Osoyoos for a few months.

Following the death of his wife in May, 1962 Mr. Kells came to live in Terrace with his son-in-law and daughter, Mr. and Mrs. Emil Haugland. For the past year and a half he was under care in Skeenaview Hospital in Terrace.

He leaves to mourn his loss four daughters and two sons: Mrs. Fort Falso (Ethel) of Seattle, Wash.; Mrs. Emil Haugland (Bertha) of Terrace; Mrs. Margaret Lever of Vernon; Mrs. Stanley Fuller (Hazel) of Vanderhoof, Lawrence of Engen, B.C. and Lewis of Salmon Arm. There are 17 grand children and 25 great grand children, also two sisters and four brothers, Mrs. L. Fraser (Donalda) Sacramento, Calif.; Mrs. Charles Simpson (Mary), Saskatoon, Sask.; Henry

Terrace Kinettes Plan Busy Year

The October meeting of the Terrace Kinettes club was held recently in the Red D'or Cabaret room of the Terrace Hotel. Four-

teen members and six guests were present.

Reports were heard and preparations made for what promises to be a busy year. Kinettes Annette McColl, T.B. Committee Chairman reminded the group that a start must be made soon on the annual T.B. Christmas Seal campaign.

Kinettes Mrs. Lou Reum was presented with her 10th year 100 per cent pin.

At the Centennial Carnival held two weeks ago in the Community Centre, the Kinettes club operated a hotdog and freshie stand with all proceeds going to Terrace's Centennial Project Fund.

The next regular Kinettes meeting will be held on November 9th.

CENTENNIAL MEMO

The first bank to be founded in British Columbia was the Bank of Vancouver, founded in 1910.

Cenotaph Grant Okayed Tuesday

Municipal Council approved the payment of up to \$500 of the costs involved in erecting a Memorial Cenotaph on the grounds of Municipal Hall.

Construction of the Cenotaph is expected to get underway this weekend and it is estimated all will be in readiness for the annual Remembrance Day services on November 11. The Royal Canadian Legion Branch 13 is spearheading the Cenotaph project.

The Cenotaph will be located immediately north of the Municipal flagpole on the front lawn of the Municipal Hall.

Vice-president of the Legion, Sid Sheasby and Legion member Art Bates are in charge of the project. Total cost of the Cenotaph, which is to be constructed on a 6' by 12 ft. concrete base, is estimated at \$1700.

of Winnipeg, Arthur of Tate, Sask.; Ross of Haley, Ont. and William of Saskatoon, Sask.

Memorial service was held in the MacKay Funeral Home, 4626 Davis Avenue, on Monday at 2 p.m., the Reverend George Keenleyside officiating. Mrs. J. MacKay Sr., presided at the organ for the hymns "What a Friend We Have in Jesus" and "Abide With Me."

The remains were sent to Kelowna where funeral service will be held on Friday, October 14, in Garden Chapel followed by interment in Lakeview Memorial Park beside his beloved wife.

Mr. and Mrs. Haugland left Monday to attend the funeral.

SCHOOL DISTRICT No. 53 (TERRACE)

NOTICE TO CONTRACTORS

SEALED TENDERS endorsed "TENDER FOR CENTENNIAL BUILDING, TERRACE, B.C." will be received by Mr. E. Wells, Secretary of the Centennial Committee, P.O. Box 1238, Terrace, B.C. up to 4:00 p.m. (PDST), Monday, October 24, 1966.

Plans, specifications, instructions to bidders, and forms of tender may be obtained from the undersigned by General Contractors only, on deposit of \$25.00 per set which will be refunded upon receipt of a genuine bid and return of all documents in good condition within 10 days after tenders close.

Tenders must be accompanied by a Bid Deposit Bond endorsed to the Owner in the amount of Three Thousand Dollars (\$3,000) which will be forfeited after the party tendering fails to enter into the contract when requested, and the successful bidder will be required to exchange this for 50% Performance Bond as stipulated in the specifications.

Lions' Zone Meet Highly Successful

A Lions International Zone A-3 convention held at Skoglund Hotsprings on the weekend was acclaimed a highly successful event which culminated with a delightful banquet and dance on Saturday evening at which some 125 persons were in attendance.

Kitimat Lions were hosts with Zone chairman John P. Walbergs and Norm Hanford, convention chairman.

Distinguished Lions guests included George D. Wong, Past International Director; Fred C. Smith, District Governor; Ray C. Sheward, Lions International Counselor and representatives of Lions Clubs of Kitimat, Terrace, Prince Rupert, Smithers, Skeena (The Hazeltons) and Sandspit. A number of member's wives attended and were guests of the Kitimat Lions Ladies at tea. Children of the visiting families enjoyed the swimming pool facilities.

Ross Burnham, president of the Kitimat club presided over the gathering and introduced the head table and other guests.

Invocation was said by the Reverend Norman Southcott prior to

partaking of a hot turkey dinner.

Jack Scriven proposed a toast to the ladies with reference to "lion tamers," to which Mrs. Moyra Burnham suitably replied.

A humorous "skit" was presented by the Terrace Lions and a delightful performance by a number of members of the Smithers Harmonettes brought forth rounds of applause.

Guest Speakers

Governor Fred Smith spoke to the gathering, complimenting the Lions groups on the wonderful progress made in the Pacific North-west area in three short years. He expressed pride at what has been accomplished, and "would take the message back that Lions in Zone A-3 practise the true meaning of the words "we serve."

International Counsellor Ray Sheward, in introducing the main speaker of the evening, George D. Wong, pointed out that Mr. Wong had the honor of being a charter president of Vancouver Chinatown Lions Club and had gone through the intermediate offices to become International director, an honor he had received at Nice, France in 1962. Among other important positions that Mr. Wong holds is governor in the directorship of Simon Fraser University.

In his address, Mr. Wong capti-

Tenders Called For Library Bldg.

Tenders for Terrace's Centennial Project building have been called for October 24th, it was learned here this week. Plans and specifications for the library-museum-tourism bureau complex have been finalized and are now available to contractors.

The building will cost in the neighborhood of \$80,000 to construct and it is hoped it will be ready for occupancy by the summer of 1967.

The Terrace Centennial Project Committee is currently trying to raise the balance of funds for the project through public donation and subscription. About \$4,000 remains to be found.

CENTENNIAL MEMO

At the date of union in 1866, the colony of British Columbia had a debt \$1,002,983 and the colony of Vancouver Island a debt of \$293,698.

vated his audience with a interesting and thought-provoking talk interspersed with humorous anecdotes, to emphasize his point.

He stressed the importance of "loving one's neighbors as self, and extending the open hand of friendship." This the speaker said, "is the prime purpose basic aim of being a Lion."

He told of the world-wide contest for youth being sponsored by Lions Clubs throughout world, on today's important quest, "Peace."

Mr. Wong closed with the dictum, "This Pacific North-west will eventually be a tremulous area, in which Lions will continue to prosper and grow," and, concluded, "You ain't seen no yet!"

A social get-together and dancing culminated a most successful and enjoyable convention.

AROUND the TOWN

Skeena Squares have cancelled their Saturday night dancing will attend a hoedown in Prince Rupert.

"Frank's Seat"

(continued from page one)

The Municipality will purchase a used steamer for thawing rivers during the winter months was decided Tuesday. In four years, ice clogging has caused severe flooding problems in the community and Council approved purchase with an eye to prevent recurrence of these incidents.

A bylaw to amend Zoning bylaw No. 401 was heard for the first time by Council. A hearing relative to the amendments was carried over prior to the Council meeting, as no submissions were introduced.

A bylaw regulating sanitary conditions in Terrace was adopted Council Tuesday. The bylaw regulates sanitary practices of home owners and businesses and provides a maximum fine of \$500 for violation.

In new business, Council French re-introduced a plea for the establishment of a CM&HC agency in Terrace to deal with National Housing loans and related matters.

He said the Terrace housing shortage has not eased and will likely intensify with the influx of more people in the spring. Councilor French moved for a letter urging CM&HC to reconsider branching to Terrace. The nearest agency is located in Prince George and visits are made twice monthly by CM&HC representatives.

"Gremlins"

(continued from page one)

tation engineers and automation technicians are not readily available.

Council agreed that it must be determined whether the problems currently being experienced were attributable to design deficiencies or to operational techniques and that the Centre, opened only a week ago, should be running smoothly and not creating added expense for the tax payers.

Terrace's Pollution Control Centre is the only one of its kind in northern B.C.

Two of the major items on the trouble list were reported to be a furnace for heating the digester, and a need for pumping automation.

Council decided it would consult with local men of professional engineering know-how, in an effort to pin down some of the gremlins in the new system. One of those they plan to call upon is J. Fred Weber, managing director of Skeena Broadcasters Ltd., who has many years of electrical engineering experience in his background and who has expressed a willingness to assist in any way possible in the planning of an electrical relay system that will ultimately automate the sump pumps in the control Centre.

Willis & Cunliffe Engineers will also be called upon for immediate assistance in getting the kinks ironed out of the Pollution Control Centre.

Terrace Man Tops Seventeen Contenders

A Terrace man was winner in the seventh annual B.C. Central Chess Open Tournament staged here last weekend.

C. Bleisheim of Terrace topped opponents with a total of 8 points.

The five closest contenders were King of Terrace, B. Foan of Prince George, A. Panayotu of Kitimat, J. Szucks of Prince George and J. Heim of Prince George, all of whom chalked up 7 points each.

No one sees the shadows who is the sun.

A total of 3½ points were taken by W. Segnitz of Burns Lake and G. Gross of Prince George.

Three points each were won by G. Giustini of Prince Rupert and G. Braun of Terrace.

D. Collier, Terrace; J. Mandur, Terrace; G. Gaudry, Prince Rupert and U. Harkonen, Terrace all won 2½ points each.

V. Jay of Prince George won 2 points while W. Symington of Terrace, won 1½ points; and G. Gross of Terrace and M. Bateman of Kitimat rounded out the event with 1 point and ½ point respectively.

Winner of the event, C. Bleisheim received a \$25.00 cash award and the first runner-up, D. King, received a cash award of \$15.00. Out-of-town entrants were reimbursed the cost of their entry fees.

Winners names will be engraved on a permanent trophy which has been resident in Prince George for the past several years despite the fact that first place tournament winners have been either from Terrace or Prince Rupert for the past five years.

Anyone in Terrace, (age is no barrier and ladies are also welcome) interested in taking up the game of chess is asked to join the Terrace Chess Club at one of its regular weekly get-togethers, held every Tuesday evening at 8:00 o'clock in the Terrace Hotel Dining Room.

A small annual membership fee is charged.

DEEPLY INVOLVED in the age-old game of concentration, chess players J. Mandur (left) and W. Symington (right) vie for points in the seventh annual B.C. Central Chess Open tournament held in Terrace at the weekend. Mandur won 2½ points and Symington won 1½ points in the contest. (staff photo)

Letters to the editor . . .

The Editor, Terrace Herald:

Well, I got sort of browned off and a little bit mad about this Peggy Pete deal, and I will say there were a lot of people handing Cathie Fraser and her cohorts a real big bouquet for what they did.

Now I don't mean to butt in, but as I said, I was mad (sort of like an angry dog) sort of feeling like, if we could find that person, a lot of people would probably have reverted to ancient times and put her in pillory.

Well, in three-quarters of an hour I collected \$21.20 for Peg from our hard-hearted citizens, so

I'm sending it in to you along with a list of names of the ones who donated.

(Editor's note: There were 38 donors.)

Well now that I have that off my chest I would like to say this — anyone else who feels the way we do, give it to charity or the retarded children's fund. After all — we really wouldn't want to make a psycho case out of Peggy.

Peggy — keep on with your honesty and your good work. It is worth more — in the end — than all the money in the world. But now you have a bit, buy Mom a present, get the kids a candy bar and give Pop a brand new tie and a big hug.

Scout Apple Day This Saturday

Close to 120 Terrace and Thornhill Boy Scouts will be knocking on doors Saturday morning, October 15, with juicy, red MacIntosh apples for sale.

The event is the annual Boy Scout Apple day and proceeds from the canvass go towards furthering the Boy Scout movement in this area. The downtown area will also be canvassed and tags issued to all donors.

The house-to-house apple sale will commence at 10:00 a.m. and continue throughout the day.

Nick Samsom, chairman of the Boy Scout Group Committee, is in charge of this year's drive.

Northland Navigation ☆ Skeena Motor Carriers

"ONE AGENT TO SERVE YOU"

We need a basic ten . . .

At the last meeting of the Thornhill Ratepayers' Association it was decided to create a Recreation Commission. Thornhill will have a Recreation Commission if the residents of the area want one but, though many people have stated they are interested and are willing to help, only two have agreed to serve on the executive. A minimum of 10 people will be required as officers and committee chairmen if the commission is to be of any benefit to the community in organizing recreational activities.

With the advent of shorter working hours, increased leisure time can be used for a variety of desirable and beneficial activities. A Recreation Commission with the aid, both financially and advisory, offered by the Community Programs Branch of the Department of Education, could provide a variety of activities for all the residents of the area. A list of these might include organized summer or winter sports, a children's playground program, drama, music, community social events, adult education or leadership training. Almost any activity might be organized if sufficient interest was shown.

If you are willing to assist in either an executive role or as a committee member, please call me at VI 3-5060. Your assistance will be of benefit to the community.

WHAT'S IN A HOUSE

HANDLING CONCRETE

Before placing concrete the subgrade should be properly prepared and the forms should be erected true to line and adequately braced. In summertime moisten the subgrade to prevent rapid extraction of the water from the concrete. No concrete should be placed on a frozen subgrade or on one that contains frozen materials. Wall forms should be tight to prevent loss of cement and to eliminate fins on the wall surface. Concrete should be placed in the forms as nearly as practicable in its final position. It should not be placed in large quantities at a given point and allowed to run or to be worked over a long distance in the form. This practice results in segregation because the cement tends to flow out ahead of the courser material. Spade each layer and with a hammer tap the outside of the forms to prevent honey-combing of the concrete. After the concrete has been placed in the forms, to the elevations shown on the plans, the top of the foundation should be levelled and smoothed. If frame construction is proposed, anchor bolts should be inserted into the concrete while it is still wet. Never place concrete in forms which contain water. Never leave newly placed concrete unprotected if there is danger of night frosts.

Sadie Hawkins Dance Set For Weekend

A Sadie Hawkins Hillbilly style dance, sponsored by the Thornhill Ladies Softball Club, will be held Saturday evening, October 15 at the Ukrainian Hall in Terrace.

Prizes will be awarded for the best dressed King and Queen of Hillbilly Land, as well as for the guy and gal with the biggest feet. Oldtime and popular music will accompany the novelty dances and intermission sing-song.

Proceeds from this event, which promises to be fun for young and old, will be used by the Thornhill Ladies Softball Club for the Centennial Park softball facilities.

Creative Writing At Thornhill

Creative writing has become an important part of the language course in the curriculum of the Thornhill school. The following poems are written by students in Mr. J. Martens' grade six class.

MY BIG SISTER —by Eldon Koss

Sometimes when I pick on my brother,
My sister steps in and says
Listen Eldon, do you want a fight,
No, because you always kick and bite!

Then go and get into your room,
If you hit me I'll clobber you with the broom.
I'm coming after you anyway,
If you have brains, you better stay.

Get ready, here I come,
I warned you to stay back some.

Okay here goes. Whap!
You're going to get it for that, Slap!

Ha, Ha, that didn't hurt a bit,
But don't start to spit.
Okay let's quit the fight,
Before you start to bite.

Okay now you, Bruce,
I'll pound you to spruce.
Alright I won't follow you.
I'm going to the store to buy some glue.

MY BROTHER —by Larry Gregorash

I have a little brother.
He just turned seven you see,
He goes to tell my Mother
Every time I go out to play.

He follows me like a tail
And that's when I get mad,
We always fight day and night
And that gets mother mad.

My brother has two enemies
That's me, the oldest and my
little sister, Leanne
They seem to be allergic to each other, that is
And when it comes to bedtime,
they argue like mad.

And when I want to go fishing
He wants to come too you see,
And if mom says no,
He gets very very mad.
But when you come to think of it
He is very nice to have,
Around the house you—
Very very nice.

Every day is a new life to a wise man.

Thornhill Scouts Out Saturday

The First Thornhill Cub will participate in an Apply canvass October 15 in conjunction with cubs and scouts of the Terrace area.

The Thornhill cubs, who work exclusively in the Terrace area, will be exchanging a for contributions which will be used to finance equipment scouting activities. You contributions will be appreciated.

The Group Council for the Thornhill Cub Pack still requires an additional leader to assist the 15 cubs presently enrolled. There is still room to accept cubs into the pack if other youngsters wish to join.

Partyline . . .

Congratulations go out to Mr. and Mrs. Mike Kuasnycia of Pine Street on the birth of their daughter, Sherry Lynn, born September 18. Mr. and Mrs. Kuasnycia are now the proud parents of four daughters.

Smithers, B.C.

ing on vacation, it suits me nicely to devote this week's column to a message from a specialist. C. L. Neilson, our Provincial Entomologist, offers this information in an article headed: 'Let's be Serious About Grubs.'

Whenever possible, packers bid lower on obviously carcasses by cattle. But because carcasses often occur before grubs are evident on the back of the animal, packers are not able to properly discount all of the grub-infested cattle they buy. The inevitable result is that a portion of the losses become a charge on all cattle, somewhat similar vein, tanning find that some of their losses grubby hides must be applied to all purchases. As a result,

cattle values are further lowered because of a reduced hide credit. No estimate has been made of the grub loss at the tanner level in Canada, but the Tanners Council has estimated losses in the United States at \$32,000,000 annually. It is generally assumed that the warble fly causes losses on farms and ranches, at least equal to the total of losses at the packing plants and tanneries. An accurate estimate would be extremely difficult. However, it is not unusual for gadding on pasture to reduce milk production by 25 per cent and summer beef gains by 50 lb. to 75 lb. per head. There can be little doubt that grubs, as they migrate through the body of a dairy cow, lower winter milk yields. A number of trials prove that grubs lower feed lot gains. Here is a summary of some of the tests using systemic "grubicides": Feed lot gains for \$1.52 less per 100 lb. on treated cattle in a 110-

day trial at Iowa State College, 225 treated cattle were finished in a Kansas trial for \$5.71 less than an equal number of untreated animals.

In Ontario a trial, just ended, demonstrated winter feed lot gains on treated cattle of 1/4 lb. per day greater than untreated over a 60 day period. Increases in milk production and live gains are more than enough to cover treatment costs. Reference a letter from Canadian Livestock Products March/April 1959. Treatment is now available in two forms - rotenone or systemic insecticide. Rotenone kills grubs in the back of the animal. The grub must have cut its breathing hole through the hide and the rotenone spray must be forced into the hole, either by sufficient spray pressure or with a stiff brush. Treatment is normally applied about the middle of April. Because the grubs keep moving to the backs over a several week period, further treatment at 3 to 4 week intervals may be necessary.

Systemic insecticides infuse the whole body of the animal and thus will reach the grub even though not applied directly to it. Systemic presently available are of two forms. One is given by mouth as a bolus or a large pill with the chemical absorbed through the digestive system. The other is applied as a spray and the chemical is absorbed through the hide. Sufficient pressure must be used to force the material through the hair so that it reaches the hide. Systemics are applied once in the fall or early winter, when all heel fly activity has ceased. The small grub is killed within the body of the animal long before it can commence its damaging migration through vital organs. Systemics must not be used on dairy animals or on animals to be slaughtered within 60 days.

The evidence is clear-cut — warbles cause sizeable losses on pasture, in the feed lot, in the milking herd. They result in lower selling prices because of losses at

the processing stage. Grub treatment is practical and profitable. Warble losses are serious. So let's get serious about warble treatment!"

Warble treatment time is here. Further information is available at the office of the District Agriculturist.

Appointment To Simon Fraser Board

The Honourable Leslie Peterson has announced the appointment of Cyrus H. McLean to the Board of Governors of Simon Fraser University. Mr. McLean is Chairman of the Board of the British Columbia Telephone Company and Co-chairman of the 3 Universities Capital Fund drive.

Reappointed to the Board of Governors of Simon Fraser University for a further term of three years were Fred H. Dietrich, Alan M. Eyre, George Wong, Richard E. Lester and Charles Bloch-Bauer.

double your money with Canada Savings Bonds Centennial Series

Centennial Series Canada Savings Bonds offer you their highest interest yield ever—5.48% a year when held to maturity.

The new Bonds pay annual interest at the rate of 5% for each of the first four years; 5 1/4% for each of the next three years; 5 1/2% for the following year and 6% for each of the last five years—a total of \$72.25 in interest on every \$100 Bond.

And for the first time, there is a special compound interest option. To take full advantage of it, leave all the annual interest

uncollected until Nov. 1, 1979, and you will get interest on your interest, amounting to \$27.75 extra on every \$100 Bond.

It all adds up to total interest of \$100 on every \$100 Bond. It's a safe, sure way to save. **DOUBLE YOUR MONEY** with Canada Savings Bonds Centennial Series.

This Series retains all the traditional features which make Canada Savings Bonds Canada's most favoured investment.

They are still easy to buy for cash or on instalments where you work, bank or invest.

You may buy as little as \$50 or as much as \$10,000. Every Canadian resident may buy up to this limit. So can estates.

They are still simple to cash, anytime, at any bank in Canada for their full face value plus earned interest. Just fill out the redemption form on the Bond, present it to your bank and you'll get your money right away.

And now they're better than ever to keep with the highest interest yield ever and interest on interest. **DOUBLE YOUR MONEY** with Canada Savings Bonds Centennial Series.

ESKIMO AT EXPO 67 — Eskimo soapstone carvers Syolie Arpatuk, left, and Johnny Alshuak, both of Povungnituk on the east coast of Hudson Bay, are having some of the pavilions pointed out to them by Expo Hostess L. Michaud. In background is the Katimavik (the Eskimo word for "meeting place") a part of the Canadian Pavilion. The Katimavik is an inverted pyramid resting on its apex. "How does it stand up?" wondered Johnny Alshuak. Photo was taken in the cool morning as is evidenced by the wearing apparel.

Close up!

This "what-is-it?" picture shows logs on the conveyor belt at a Vancouver plywood factory as the B. C. TEL closed circuit television camera sees them. Watching a conveyor belt is an extremely tedious job. Closed circuit TV takes over this essential but dreary chore, enabling the man it replaces to move on to more productive and worthwhile work.

Second by second, hour after hour, the camera scrutinizes the flow of logs into the plant—checking for size and correct positioning on the belt.

Watching the picture on a monitor inside the plant, this worker can slow down or temporarily halt the conveyor belt if any serious irregularities develop in the flow.

With new industrial applications increasing every month, B.C. TEL closed circuit television is also used for many public service purposes. Here it helps pathologists at a Cancer Institute. The cost of a basic installation is surprisingly low.

Fire Prevention Week Oct. 9 to 15

Fire prevention week serves to remind us that fire, one of our greatest friends, when improperly handled quickly becomes a deadly enemy.

The year 1965 in Terrace was not an enviable one. There were 112 fires resulting in losses of over \$42,000 and three lives were lost each in a separate fire. The greatest causes of these fires were careless smoking habits (25); children playing with matches, (4); unattended exterior fires (10); flooded oil heaters (10). The greatest contributor to fire losses have been deep-fryers boiling green over when not properly attended. Accumulated trash is often a great contributor to the damage done because it presents something to burn.

Use this reminder to clean up your trash, service your heat units, and practice good fire prevention habits, or perhaps you may be one of next week's, next month's, or next year's statistics.

Teachers Convened At Hazelton

The first meeting of the Terrace District Teacher's Association was held Saturday, September 24, at Hazelton.

Mr. L. Orr, president, presented the business agenda and reports from various committees.

The Bursary Committee announced awards to students.

The In-Service president, Winding, finalized plans for a music workshop to be held Saturday, October 15, at Thorburn School, Terrace. Dr. Slind, of the University of B.C. and Mr. Tupman, Kitimat's music supervisor will be in charge.

President Orr reported on a summer conference at the George workshop which he attended.

The countryside was aglow with Autumn decor and teachers pressed their pleasure at this of color.

Vesta A. Douglas, Public Relations Teachers Association

PAT PATTERSON, hostess of the "Matinee" series, returns for another fall-winter season on TK Radio. Miss Patterson has presented such programs as Matinee, Side-by-Side, and Conversation Piece during the past two years that TK Radio has been affiliated with the CBC. The new "Matinee with Pat Patterson" is heard at 2:33 p.m. each week-day and is of particular interest to housewives who like to keep a keen ear on current situations. Fashion, home economy, news commentary, and many other topics of an interesting, entertaining and educational nature are the concern of Matinee with Pat Patterson.

Looking Back . . .

15 YEARS AGO

From the files of the Terrace "Omineca" Herald
JANUARY 1951:

A forward step in what will be one of the biggest industrial developments in Canada and which will benefit Terrace and the whole North-Central British Columbia was taken when final touches were put to a long-standing negotiation between the Government of British Columbia and the Aluminum Company of Canada when the Honorable E. T. Kenney, Minister of Lands and forests, on behalf of the government signed an agreement between the province and the company. This agreement covers the proposed power and aluminum development in Northern British Columbia which has been under survey of company since 1948.

A petition has gone forward to The Honorable E. C. Carson, minister of public works requesting that Highway 16, between the Village of Terrace and the City of Prince Rupert, be kept open the year 'round.

Newly elected Commissioners of the Village were duly sworn in by Magistrate Will Robinson as follows: S. N. G. Kirkaldy, (re-elected), Geoff Lambly and W. F. J. Osborne.

Returning to their studies at U. B. C. are Allan Dubeau and Parker Mills.

Since January 5 local trucks have been hauling logs from John Hagen's operation at Remo to the old Army spur here. The logs are to be shipped by rail to Columbia Cellulose Company's plant at Watson Island and loading will start the latter part of the month.

After months of hard work done in sparetime, Pastor W. G. Solonluk of the Seventh-day Adventist Church and members of the congregation are pleased to announce the opening of their new church on Lakelse Avenue, next to the Masonic Temple.

George Cook, owner of George Cook Jewellers in Prince Rupert,

has announced the opening month of a jewellery store in Terrace.

FEBRUARY 1951:

A new 55-passenger International school bus has arrived will go into service shortly. Irvine and Bob Elkins of the Irvine Transportation Co. have been awarded the contract to drive the bus.

Grant & Newton, electrical tractors of Prince Rupert, completed negotiations with F. Morris, real estate agent, for purchase of two lots on Lakelse Avenue to open a branch office.

A new garage will open shortly, Robert Parker, head of Bob Parker Ltd., Prince Rupert announced this week that he purchased Lot 1, Block 14, Lakelse Avenue from Walter J. Monarch and will establish a Monarch sales and service agency here.

An old-established business changed hands this week with purchase of Spencer's Garage by Robert K. Elkins and James Irvine from W. H. Spencer.

MARCH 1951

B.C. Power Commission yesterday completed the Agar-Av 21 pole power extension to five customers in that area.

Stan Smith and Tom J. who have been associated with Terrace Transfer for some time have purchased the Transfer business for Harold Smith, who will continue to handle the sale of goods.

APRIL 1951

There were only two convictions in local police court during month of March. One under Motor Vehicles Act and one under the Government Liquor Act.

According to an announcement received by the Herald from Kenneth Caple, regional representative of the Canadian Broadcasting Corp., the first of five low power transmitters designed to bring CBC programs to listeners between Prince George and Prince Rupert will be installed this week. The initial unit will go to Smithers. CBC plans for additional installations this summer at Vanderhoof, Burns Lake, Hazelton and Terrace.

Robert Yarnall Richie of the Robert Yarnall Richie Production Inc. New York arrived this week to make a colored documentary film on Columbia Cellulose logging operations in this area. Harold Lynum, Terrace area supervisor for Columbia Cellulose is acting as co-ordinator, enabling the New York producer to make a complete film in color, motion and sound of the Columbia Cellulose Watson Island pulp plant, from the virgin stand of tall timber to the finished product.

The HERALD gets HOME to the people. Advertise—it pays!

"NORTH OF THE SUN" is a two-hour film that will intrigue the whole family. Filmed entirely north of the sun in the Arctic Wilderness in full color, North of the Sun was filmed for the most part right behind the hunter. Closeup photography is the byword, face-to-face filming of polar bears during the hunt, scenes of these majestic animals as they really are, scenes of Eskimo life at Point Hope, Alaska, and the Polar ice cap pressure ridges that build up in minutes to the height of three-story buildings. The film will be shown at Terrace Community Centre on Tuesday, October 25 at 7 p.m. and 9 p.m. Tickets will be sold at the door — adults \$1.50 and children 75 cents.

Now, Fall and Winter through service - 6 days a week

Passengers travelling between Prince Rupert — Prince George — Jasper can now enjoy full traveling comfort six days a week throughout the fall and winter months. Regular passenger equipment will include day coaches, sleeping accommodation, and dining facilities. Take advantage of CN's Red, White and Blue Fare Plan . . . the money-saving "way of the worry free"!

Report from Parliament

by
Frank
Howard
M.P.
(Skeena)

One of the cliches in affairs of the heart is: "Hell hath no fury like a woman scorned." That well be true, but it is also that a woman aroused and incited can do more good any day of the week than a man in the same situation.

Here in Ottawa, and now across the country, we have seen the fury of women who are incited and angered and I hope determined to do something about a problem which has been impinging upon us every day for years. It finally has reached the 'last stage' — I refer to the rising cost of food.

Here in Ottawa a young housewife phoned one of these 'line' radio programs one day and suggested that a boycott of supermarkets be engaged in by the wives to protest the rising cost of food. She was subsequently joined with phone calls all endorsing the idea. It caught on like wildfire. Thousands upon thousands of people (mostly women) joined the movement. The other evening a public meeting was sponsored in Ottawa and the crowd was a standing room only one.

The upshot of the movement and the meeting was that a boycott of supermarkets would start, and it did start on October 8, and would be carried on in the hopes that supermarkets would bring down prices of food to something reasonable.

Now, I'm not one to knock protest movements of this sort. I think they can do the world a good. Mass movements of people if headed in the right direction are what bring about change for good perhaps more than any other single force.

But, I am concerned as to whether these ladies are protesting the correct person or group. It is a well known fact that the retailer has the least amount of control over the goods that he sells. It is the manufacturer or the distributor that controls the price. Supermarkets only get into the picture by adding the cost of these stupid promotional gimmicks, like trading stamps, to the cost of the articles.

However, like all mass movements, there must be a period of development, a time during which the movement finds itself and establishes its goal. Unless some clear goals can be established early in its formation, a movement tends to lose support and membership and soon disintegrates.

Perhaps the emotional fervor of our women-folk will be strong enough for them to realize that unity there is strength, that clear purpose there is force and power, and that success comes from perseverance.

I hope the thousands of housewives involved in this protest against prices can develop an organization worthwhile and stick to their guns. Who knows where it may lead. Someday soon we may find that women predominate the House of Commons and if I did I'm sure they wouldn't be wasting their time with issues like the perfidies of Pierre and gymnastics of Gerda.

Travellers who look closely at their trip to Hawaii will see the Union Jack flying over public buildings. The B.C. Automobile Association notes that it is in the upper left hand corner of the flag. The flag was designed long ago by an English sea captain when Hawaii was an independent kingdom.

Salmon Industry causing Concern

The following press release was issued by the Minister of Fisheries Ottawa on October 8th:
Federal Fisheries H. J. Robb stated today that preliminary discussions were held in Vancouver on September 28 between representatives of the Department of Fisheries led by the Deputy Minister, and the United Fishermen and Allied Workers' Union, the Brotherhood of B.C., Pacific Fishermen's Association, Fishing Boat Owners' Association, Prince Rupert Fishermen's Co-operative Association, and the Fisheries Association of British Columbia, on five proposals put forward by the Department regarding the licensing of vessels to engage in salmon fishery.

The fishing effort for salmon increased in recent years so that it impairs the effectiveness of regulations to maintain the salmon catch at its maximum long-term level. As a step towards reversing this dangerous trend, the Department put forward for discussion proposals which would prevent an increase in the number of vessels engaged in the salmon fishery above the present level. One of the proposals was the suggestion that licences to engage in salmon fishery in 1967 would be issued only for vessels which had been licensed to fish salmon in 1966 or which replaced such vessels.

The discussions led to no agreement on the steps which should be taken to reduce the catching power of the salmon fleet and no decision on a restrictive vessel licensing policy has yet been made. Pending further discussions later in the autumn, the Minister stated. However, he added, fishermen and others are warned that no assurance can be given at this time that a licence will be issued for a vessel to engage in the salmon fishery in 1967 unless the applicant had a vessel licensed for the salmon fishery in 1966 or unless arrangements for acquiring the vessel to be licensed had been completed prior to this announcement. Special consideration would, of course, have to be given to salmon fishermen who for some valid reason did not engage in the fishery in 1966.

It was recognized by all those taking part in the meeting that special provisions must be made to assure the opportunity for as many Indian fishermen to engage in the salmon fishery as now do so. This and other problems will receive fuller consideration at a further meeting planned later this year, probably in about two months.

IT PAYS TO ADVERTISE

A CENTENNIAL FEATURE

Our Founders . . .

JAMES COOK

Captain James Cook is revered as the first white man to set foot on what is now British Columbia — but this great adventure was just one chapter of his life story.

He was a veteran of the siege of Louisbourg and the fall of Quebec in 1758 and 1759 respectively. He surveyed the St. Lawrence in 1760 and Halifax Harbour in 1761 and 1762. In 1778 he was the discoverer of the Hawaiian Islands.

Born in Yorkshire in 1728 he entered the navy in 1775 and was soon a master of a ship. He began the first of three great voyages of discovery in 1768 and in the next ten years added greatly to the knowledge of New Zealand, Australia, the Antarctic and North West America. It was on the third voyage after he left Hawaii (then called the Sandwich Islands) that he came to Nootka Sound and Vancouver Island in March 1778. He then travelled north to Alaska and into the Bering Sea until turned back by ice. He returned to

winter in Hawaii and there, in a skirmish with natives, he was killed. He was survived by his wife, Elizabeth and three children. With the publication in 1782 of the account of his third and last voyage the existence of the sea otters on this coast became known and in consequence the maritime fur trade flourished.

—B.C. Centennial Committee

Busy Summer For RCAF Rescue Centre

The RCAF Search and Rescue Co-ordination Centre in Vancouver handled a total of 886 incidents during the summer months of July through September of this year Search and Rescue officials revealed.

This figure represents an increase of nine over the corresponding period last year when the Rescue Centre logged 375 incidents.

Included in the July-September figures are 275 marine incidents, 15 aircraft incidents, 30 missing persons and mercy flights and 68 communication checks.

Over, tabulation the figures from January 1966 to September, the Rescue Centre handled 780 incidents this year, a slight decrease of 20 incidents under the 1965 figures.

Marine incidents continued to be the most prevalent as thousand of boaters took to the water in increasing numbers this summer.

HELP KIDNEYS PASS 3 LBS. A DAY

Most people pass about three pints of liquid a day or about three pounds of liquid waste. Now, if kidneys become sluggish, urinary irritation and bladder discomfort may follow. The result can be backache and restless nights. This is when Doid's Kidney Pills can help bring relief. Doid's stimulate kidney action, help relieve the irritated condition that causes the backache. Take Doid's and see if you don't feel better, rest better. Don't wait. Ask for Doid's Kidney Pills, at any drug counter. Used successfully by millions for over 70 years.

Yesterday's Cryptoquip: CATHEDRAL CHORISTERS SING
TRADITIONAL MIDNIGHT MASS AT CHRISTMAS.

1966 Forest Fire Season Over Oct. 11

British Columbia's 1966 fire season ended officially at midnight, Tuesday, October 11, following the Thanksgiving weekend, it was announced by the Honourable Ray Williston, Minister of Land, Forests and Water Resources.

Lifting of restriction will mean that no campfire or burning permits will be required from October 12 on. However, woods-users are requested to continue exercising care.

With the exception of one area, the fire season went into effect throughout the province on May 1. In the Arrow Lakes region, fire hazards brought an early opening on April 7.

Preliminary estimates show 1966 was a good year in terms of numbers of forest fires, acreage burned, and firefighting costs, with this year's figures well below those for 1965 and the 10-year average for 1958-65. Mr. Williston credited this to a combination of

favourable weather conditions and improved firefighting organization, including tactical use of aircraft for early spotting and suppression of fires in the Interior of the province. He also praised the part of the general public had played in keeping down the number of fires caused by human carelessness.

The most marked drop in forest fire figures for the season were those for acreage burned. It estimated that only slightly more than 50,000 were burned over during 1966, compared to 307,100 acres in 1965, and the 10-year average of 479,525 acres.

The number of fires and firefighting costs also were well down. This year, approximately 2,000 fires were fought at a cost of nearly \$675,000 compared to 2,632 fires fought at a cost of \$2,428,000 in 1965, and the 10-year average of 2,106 fires fought at a cost of \$1,855,938.

NEW SEASON FOR GOOD NEWS

Health Tips

HEADACHE

Headache, in one form or another, is a very common complaint in any doctor's office, and no age group is immune, according to the Canadian Medical Association. While there are several causes of headache, a straightforward classification would be "simple headaches" and "serious headaches." The vast majority are simple in nature but have underlying physiological and psychological causes so complex they are difficult to understand. On the other hand the serious headaches, usually simple to identify, result from an organic disease of the brain such as tumours and blood clots, and require vigorous treatment. Migraine, the cause of which is unknown, is classified among the simple headaches. It has its onset in early childhood to puberty, and there is a strong factor of heredity. Bright lights in the eyes. Typically, the migraine headache is preceded by visual and sensory disturbances. The C.M.A. points out that treatment is aimed at prevention of attacks, although specific remedies to relieve the headache are available. These remedies must be made to the individual patient's own requirements. Headache may be a difficult condition to diagnose, and if it is a continuing problem the cause should be determined by a physician before treatment is tried.

Child Evangelism Groups Stem From Long History

Are you familiar with Child Evangelism Fellowship International? Do you know about the work it does among boys and girls throughout the world?

This organization started with a beginning so small that man would hardly notice it, and has developed to such proportions that man cannot measure its value. It was started more than thirty years ago by J. Irvin Overholzer who had a vision of the many children of the world who are never reached with the Christian gospel. He was a thorough student of the Bible, with special emphasis on the teaching of child evangelism; a traveler, spreading his vision and burden; a solicitor of helpers; a man of prayer; a writer of textbooks to train teachers; and an organizer of committees and conferences.

From this inconspicuous beginning has grown a world-wide organization dedicated to the task of teaching girls and boys the Word of God. This fellowship is not a denomination, nor is it denominationally sponsored. The purpose is to conduct home Bible classes where children are taught Bible lessons, hymns and children's songs, and are encouraged to memorize Scripture verses.

Good News Bible Clubs, which will be held in Terrace and Kitimat homes throughout the winter, are a part of this International organization.

Child Evangelism International

conducts a Teacher Training Course at its school in Muskegon, Michigan. This consists of twenty-seven concentrated courses. Certificates in either elementary or advanced course of studies are prescribed by the Institute are issued to qualified teachers. The C.E.F. teacher training books hold the central place in the program, although students are also instructed in the use of visual aids.

C.E.F. publishes its own lesson books and corresponding flannel-graph pictures; visualized hymns and choruses; Bible memory verses printed in large, readable type; flash card missionary stories; and song books.

One hundred and sixty trained missionaries have gone to 60 countries of the world, including Rhodesia, Kenya, South Africa, India, Germany, Belgium, Austria, France, Japan, Ireland, Sweden, Denmark, Brazil, Chile, Fiji, and more. After learning the national language these missionaries conduct Good News Bible Clubs for the children, train prospective national teachers in Teacher Training Classes. They also translate many songs and stories.

The organization also publishes a monthly magazine entitled "Child Evangelism." In this magazine are reports from workers in various countries as well as in the USA and Canada. Each copy contains stories suitable for children and a Bible lesson with suede-backed figures for use on the flannelboard.

Most of the local teachers of Bible Clubs subscribe to this magazine and use the stories and lessons in their classes.

Like most countries, Canada is

experiencing a growing percentage of its population among its children and youth. In the past 10 years a high birth rate, together with a low mortality among children, has contributed to an increase of 46 per cent of children under fifteen years of age.

The leaders of Child Evangelism Fellowship recognize the magnitude of the task of reaching the children of Canada with the gospel of Jesus Christ.

Child Evangelism Fellowship has been established in Canada for over two decades. It works in Ontario, Manitoba, Saskatchewan, B.C. and Quebec. In Quebec, C.E.F. workers have had classes in Protestant Schools in Montreal for the past 18 years, with classes conducted both in French and English. In Manitoba 7,000 children are taught in 140 Good News Clubs. In Saskatchewan in the last several years a strong emphasis has been placed on follow-up by offering free Bibles to all children who complete a prescribed Bible reading course. In British Columbia, in many areas, at least one-fourth of those taught in Clubs attended no church or Sunday School at all. These children are directed to near-by Bible teaching

Sunday Schools wherever possible. For children who do attend a Sunday School and church regularly these offer an additional hour of Bible teaching each week.

The teachers, who volunteer their time, are drawn from local churches of various denominations. The Bible stories are taught without any denominational emphasis.

A list of the teachers and the homes in which clubs are being held in Terrace is as follows:

Kalum Lake Rd. at residence of Mrs. J. Giesbrecht, with Mrs. J. Martens; 5013 Halliwell at residence of Mrs. C. Crown, with Mrs. J. Widemen and Mrs. L. Rodger; 4440 Park at residence of Mrs. Chretien, with Mrs. J. Giesbrecht; 3302 Sparks at residence of Mrs. H. Jost, with Mrs. J. Pousette; 5104-A Agar at residence of Mrs. W. Froese, with Mrs. H. Peters and Mrs. R. Anderson; 4822 Sunset Blvd. at residence of Mrs. C. Warner, with Mrs. K. Alger and Mrs. H. Froese; Thornhill School, with Mrs. A. Nichols, Mrs. J. Loewen, and Mrs. Glockner; Airport Rd. at residence of Mrs. Strassbourg with Mrs. A. Nichols. About seven clubs have also been organized in Kitimat.

CENTENNIAL MEMO

The first press telegrams received over the CPR line at Victoria were published in the Colonist, December 5th, 1886.
